

Automatic Groups

FLX Range can automatically generate a group for each type of fixture you have, plus 'odd', 'even', "1st half" and "2nd half" groups for each different fixture type.

To create the automatic groups, view the Groups window and choose "Automatically create groups".

When groups are selected, they will be highlighted in the Groups window. Selecting "All – Dimmers" will also highlight "Odd – Dimmers", "Even – Dimmers" etc, as by selecting "All – Dimmers" you are also selecting these. All automatic groups automatically store the intensities of those fixtures at 100%.
